Price, Julius } = German professor = Sept 1914

September 15th, 1914

Rev. Dr. Julius J. Price,

38 Cecil Street,

Toronto.

Dear Sir:

We are making arrangements to fill the place in Oriental Literature that may be vacant during the coming session if Dr. Benzinger is unable to return. Probably a graduate of the University who thoroughly acquainted with the methods and work of the department may be temporarily appointed. I am therefore not in a position to accept your kind offer to do gratuitous work in connection with the staff.

Yours sincerely,

President.
